

So that just doesn't look safe?

When delivering mail, carriers encounter many different hazards, from bees in mailboxes to rotten and broken stairs. Always exercise care and report all hazardous conditions to your manager. Don't risk getting hurt.

When you find something unsafe, submit PS Form 1767, *Report of Hazard, Unsafe Condition or Practice*. For more information, refer to Handbook M41, *City Delivery Carriers Duties and Responsibilities*.

For more information, refer to Handbook M41 City Delivery Carriers Duties and Responsibilities.

And that's smart safety!
