

## Storm Ready

First flakes falling?

Before winter arrives, add the following supplies to your emergency kit:

- Rock salt or more environmentally safe products to melt ice on walkways. Sand to improve traction.
- Snow shovels and other snow removal equipment.
- Sufficient heating fuel. Store a good supply of dry, seasoned wood for your fireplace or wood-burning stove.
- Adequate clothing and blankets to keep you warm.

Restock your emergency supplies before the next storm hits.

And that's smart safety!
