

Managing Voyager Cards

When was the last time you reconciled?

The Postal Service automatically pays all Voyager Credit Card charges each week.

To ensure accurate reporting and prevent fraud, the reconciliation process must be completed at least once every month.

Managers should confirm they received a receipt for each purchase and review the eFleet reports for unauthorized use and unusual charges. Suspicions of fraud or misuse should be reported to the Office of Inspector General (OIG) (1-888-877-7644).

Reconciliation prevents Voyager Credit Card fraud.

And that's smart business.
